SILVER BAY YMCA HOLDS YOUTH & GOV'T DISTRICT 3 CONFERENCE

Silver Bay, NY: The Silver Bay YMCA hosts District 3 YMCA Youth and Government Conference on Wednesday, January 31, 2018.

Under the direction of Jackie Palandrani, Youth and Teen Director, Silver Bay coordinates District 3 of the New York State Youth & Government Program. District 3 is comprised of approximately 88 students from Bolton, Queensbury, Newcomb, Minerva, Johnsbury, Saratoga, and Ticonderoga who participate in programs either at their school or local YMCA. Silver Bay is the site for the District 3 Conference every January and coordinates the District's participation in several state conferences including the Albany Model Legislative Weekend in March.

The students are working on bills that relate to a wide range of topics including domestic relations law, taxation, public health laws, labor statutes, and education reform. In addition to the teens' preparation for their upcoming conference, the District participants are collecting clothing as a service project to benefit to AMVETS.

YMCA Youth & Government is a national program of the Y that involves thousands of teens nationwide in state-organized, model-government programs. Students from every corner of the U.S. have the opportunity to immerse themselves in experiential civic engagement and to, quite literally, practice democracy. Teens from across every state meet in their local Youth & Government groups throughout the year to discuss and debate issues that affect citizens of their state and to propose legislation. The program culminates with teens serving as delegates at their state conference, debating bills on the floor of the legislature.

The program provides the problem-solving experience and the social arena for New York's future leaders to develop and strengthen their skills and confidence to better serve their communities. The participants conduct extensive research on their selected issue and write a report based on their findings. Local attorneys and government officials are consulted during this process. After the documents have been presented at the District conference, they are sent to the New York State Youth & Government Model Legislative Program.

The Albany Model Legislative Weekend allows the teens to travel to Albany to implement the Youth & Government program events in the authentic surroundings of the State Capitol, the Legislative Office Building and the Judicial Building. The Albany weekend culminates several months of hard work for participants; for three intensive days, they become completely immersed in the political process.

Every participant involved in the program has a specific responsibility. Students may participate as legislators, or may become involved in the executive or judicial programs or as a lobbyist, press corps member or page.

The final stage of the program takes place when the delegates meet with their local representatives to lobby for bills passed by the legislature, resolutions of Judicial Conference and executive actions proposed in the Executive Report. As of 2016, more than 80 New York State laws were first introduced in the New York State Youth & Government Legislature.
